ITEC404 Graduation Project
GUI–MileStone

Deadline: 27 November 2019

As mentioned in the previous semester, your coding assignments, user interfaces, development progresses etc. will frequently be monitored and evaluated by your supervisors.

Therefore, your work has to be accessible easily and be online always for your supervisors.

You are expected to enter the actual data (both English and Turkish) given to each team, and

also transfer your work so far to your WEB Hosting work space by 27 November 2019.
